The Central Berkshire Coordinated Family and Community Engagement Grant believe that the parent is the child's first teacher. Our job is to support families and to give them the tools that they may need to feel and be successful in this very important endeavor.

Play, Learn and Discover Groups Where: Kittredge Elementary School - When: Wednesday's and Fridays 9:30-11:00
You and your child/children are invited to join us at our weekly play, learn and discover groups.
Wouldn't you like to come to a place where you and your child can interact in a safe, developmentally appropriate, fun, socially stimulating and exciting way?
Connect with other families looking for the same thing as you.
What will we do?
Activities will be done in a friendly age appropriate way to introduce literacy, writing, math, science and of course it will all be offered in an appropriate classroom with many new and different experiences offered while the children are playing and socializing. You are welcome to attend as many of the groups as you would like. Repetition is very important to children and that is how they successfully master skills.
